The screenshot shows the ISI/STN search interface. At the top, there are buttons for Search, List, Browse, Queue, and Clear. Below these are input fields for Q8s (containing 'USPAT; US-PGPUB') and a checked checkbox for Plurals. The Default operator is set to OR, and a checked checkbox indicates 'Highlight all hit terms initially'. The main display area shows the search criteria '11 and 12 and 13 and 14'. On the right side, there is a vertical list of numbers from 1 to 14, each next to a small icon representing a document or record. At the bottom, there is a taskbar with icons for BR5 f..., IS&R ..., Image, Text, and HTML.
